

Hi again!

Key word today is TRUST! So before you get into today's message, spend a few minutes thinking – and maybe talking – about trust. Here are some questions to help you:

- Can you name five people you can trust?
- How do you know you can trust someone...?

Today's message is a bit different... it's me, interviewing Jenny, Stephen and Mary about real situations in our lives in which we've had to trust God. Some of them are things you might not be able to relate to just now – like buying a house! – but listen in and see what you find out about trusting God.

Why not chat about this...?

- Is there a difference between hearing someone tell you to trust God and hearing someone's experiences of trusting God?
- Can you think of a time you've had to trust in God...? What happened?
- What helps you trust God for the situations you're in now? OR, if you don't think you do trust God, what could help you to try....?

One of the most well-known verses in the whole Bible is written to a young person about trust! You will find it in Proverbs 3:5. It's such a great piece of advice!! Why not design your own Wordart for it...? Or put it as a screensaver for your laptop or 'phone?

As always, we would love to hear your stories of trusting God, your questions about it – and see your wordart!

Hope to see you on zoom at some time this week!

Elaine, Martyn, Grace, and Mary
